by looking at the case of lithuanian yeshivas in israel yohai hakak s book explores the internal tensions and dynamics of religious orders during a stage of a relative loss of

charisma in which the enthusiasm of the founding generation has diminished it is the first study to include participant observations conducted within these institutions which are the sacred heart of this segregated and highly religious community the book highlights the current crisis these fundamentalist institutions are going through marked by a dramatic growth in yeshiva dropout rates it examines the new and innovative ways the rabbis are trying to respond to the crisis as part of these attempts the rabbinical discourse portrays a unique utopian and egalitarian world governed by supernatural forces and unlimited spiritual resources and incorporates western psychological and democratic ideas hakak s book is a great scholarly achievement motti inbari university of north carolina at pembroke in sum the book manages to elaborate on important developments and changes in the haredi world the emergence of cautious deviance questioning of old ideals or the rise of individuality at the same time hakak explains how these changes inflict strains upon the social structure of the haredi world the book can be therefore recommended particularly to scholars dealing with the development within the haredi society peter lintl institut für politische wissenschaft friedrich alexander universität erlangen nürnberg

in the midst of the groundbreaking industry 4.0 era a clarion call resounds throughout the realm of education the rapid surge of digital advancements particularly the information and communication technology ict revolution has ushered in a new age of urgency for educational institutions to metamorphose and remain agile enter the urgency of digital transformation in education a profound exploration into the imperative transformation required to navigate the fast paced currents of modern education crafted with meticulous insight this study embarks on a qualitative journey employing a descriptive method to unravel the transformative tapestry woven by digitalization within education with a resolute focus on educational institutions the research illuminates the transformative dance between technology and pedagogy revealing how the digital tide reshapes the landscape of learning discover the transformative resonance that echoes through these pages unveiling a landscape

where learning experiences are magnificently amplified within the hallowed halls of educational institutions the authors unearth how digitalization begets accessibility and flexibility seamlessly intertwining with traditional methodologies to birth a novel paradigm of pedagogical engagement as the digital orchestra plays key instrumentalists emerge the transition from archaic systems to digital paradigms the symphony of user friendly applications available at one's fingertips and the maestros of expertise guiding this voyage at the heart of this scholarly sojourn lies a pivotal revelation the pulse of successful digital transformation within educational institutions reverberates with two cardinal rhythms first the sturdy architecture of a robust digital infrastructure serves as the foundational cornerstone second a global vision must be nurtured transcending borders to infuse education with a borderless spirit echoing harmoniously the clarion call for a national digital learning system rings out a crescendo that heralds the full blooming of digitalization's transformative petals within the garden of education yet as with any expedition boundaries are met the study by design holds within its frame a finite horizon of perspectives acknowledging the diverse tapestry that constitutes academia the spotlight is cast upon a limited ensemble of sources a reminder that the symphony of insight continues beyond these pages amidst these revelations a lantern is cast forward future torchbearers poised on the threshold of exploration will unearth new veins of wisdom and venture into uncharted territories armed with this foundational opus they will chart the courses of future research and strategic implementation sculpting the ever evolving vista of digital transformation within the domain of education the urgency of digital transformation in education is not just a study it is a roadmap a compass and a proclamation with each page turned the urgency resounds louder the transformation unfurls grander and the symphony of education's digital evolution swells to a majestic crescendo

the purpose of the journal is threefold first to stimulate the collection and facilitate the dissemination of facts about the education of black people second to present discussions involving critical appraisals of the proposals and practices relating to the

education of black people third to stimulate and sponsor investigations of issues incident to the education of black people

not a method of turning your degree back in and having your loans forgiven but an argument that by becoming vocational schools measured by reduced cost and efficient production colleges and universities are neglecting their essential purpose the reason for college education says allan is to provide an environment within which students can absorb the moral practices that determine how they can acquire and evaluate knowledge best conduct their lives and become responsible adults he maintains that such learning requires imagination dialogue conversation and cultured intercourse annotation copyrighted by book news inc portland or

research and educational leadership is the first book to directly address the implications of the national research council's nrc's scientific research in education 2002 in the fields of educational leadership and school administration this text points out the strengths and weaknesses of the nrc's recommendations and specifically identifies areas that are not likely to lead to either theoretical or practical advances in

practice or new knowledge if the nrc s guidelines become dominant in determining the value of research research and educational leadership is an invaluable tool in rethinking how research is conducted in educational leadership and how public and private funding agencies should view research proposals for improving leadership practices in schools it is also a key resource for teaching researchers to think more deeply about school leadership as they engage in dissertation research practitioners will also find the work an important reference in understanding what kinds of research are likely to promote improved comprehension of leadership practices and social justice
